

Highworth Camera Club Program for 2023

Date	Title	Comments
10 Jan	Competitions Introduction & Explanation	Discuss all 2023's competition subjects (except January!) and give overview of what is required and how to go about taking pictures. Give examples for inspiration. Get members to talk about when they have taken similar pictures. Include a short talk on "What judges look for in pictures". I have one of these prepared already and we can ask Peter Crane to contribute.
14 Feb	Camera Features	Everyone brings their camera and, in small groups (maybe by brand depending on the variety), we discuss features that not everyone may be aware of. In a larger group at the end we share why we like the brand of camera we use.
14 Mar	Appraisal Evening	Judge: Graham Sleeman
11 Apr	Post-processing Evening/Composite Images	Up to 6 members bring computers and all work on the same image, hopefully using several different applications. Other members circulate round the room talking about the options and finding out more about post-processing. Followed by Dave Sore's presentation.
9 May	Visiting Speaker	Paul Colley FRPS: From Wildlife Conservation to Deep Space Photography Paul will present a broad portfolio of his work. It ranges from photography in oceans, rivers and forests to support international, national and local wildlife conservation agencies, through to his most recent project photographing the solar system and deep space. He will explain many of the techniques that he has developed for this, including self-build remote control cameras and pioneering conservation work in the infrared spectrum.
13 June	Appraisal Evening	Judge: Terry Walters
11 July	Trip Out	Evening Club Outing to Buscot Weir for Photography Opportunities, Finishing at the Trout Inn
8 Aug	Lambourn Battle	Judge: Eddy Lane
12 Sept	AGM & 6x10 Evening?	AGM. Several members give short talks.
10 Oct	Appraisal Evening	Judge: Peter Orr
14 Nov	Barbara Thorpe Trophy & Digital Projected Image	Judge: Martin Fry
12 Dec	Christmas party
